RICH COMMUNICATION SERVER ECOSYSTEM

KEY BENEFITS

- Modular, scalable, expandable
- Flexible
- Feature-rich (call by name, conference, and so on)

SOLUTIONS DETAILS

- Voice over IP at the core
- Open communication server
- Call by name: 3000-name directory
- 60-min integrated voice mail; two ports
- 10-min customized “music-on-hold”
- Four greeting languages
- Automatic Route Selection
- Up to 200 units of PIMphony™ Basic
- Personal Assistant
- SIP openness
- LDAP support for universal access
- Voice mail capacity and features
- Multi-language automated attendant
- Intelligent greetings
- On-site DECT™ or Wi-Fi® mobility
- Visual collaboration
- PIMphony Touch, Pro and Team
- Collaboration and off-site mobility services with OpenTouch Conversation and My IC Web
- LAN switching and Wi-Fi infrastructure
- Smart Call Routing

CUSTOMER WELCOME

YOUR NEED

- Enhance customer satisfaction from the very first contact

OUR SOLUTIONS

- Greeting messages
- Phone Attendant console
- PC-based Attendant console
- Automated Attendant (AA)
- Multiple Level AA
- Smart Call Routing
- Intelligent call routing
- Personal Assistant
- Voice mail
- Audio Conferencing

GREETING MESSAGES

ANYBODY THERE?

THIS MAY BE AN
IMPORTANT CALL!

KEY BENEFITS

- Enhanced welcome
- Information available 24/7
- Direct transfer to the right contact

SOLUTIONS DETAILS

- Up to four customizable company greetings
- 10-min customized music-on-hold
- Four system languages

- Multiple automated attendant
 - Up to four languages, Up to five different trees, Three levels with ten choices per tree
- Multiple company welcome
 - Four entities with a dedicated group of users, Dedicated music-on-hold
- Smart Call Routing

PHONE ATTENDANT CONSOLE

KEY BENEFITS

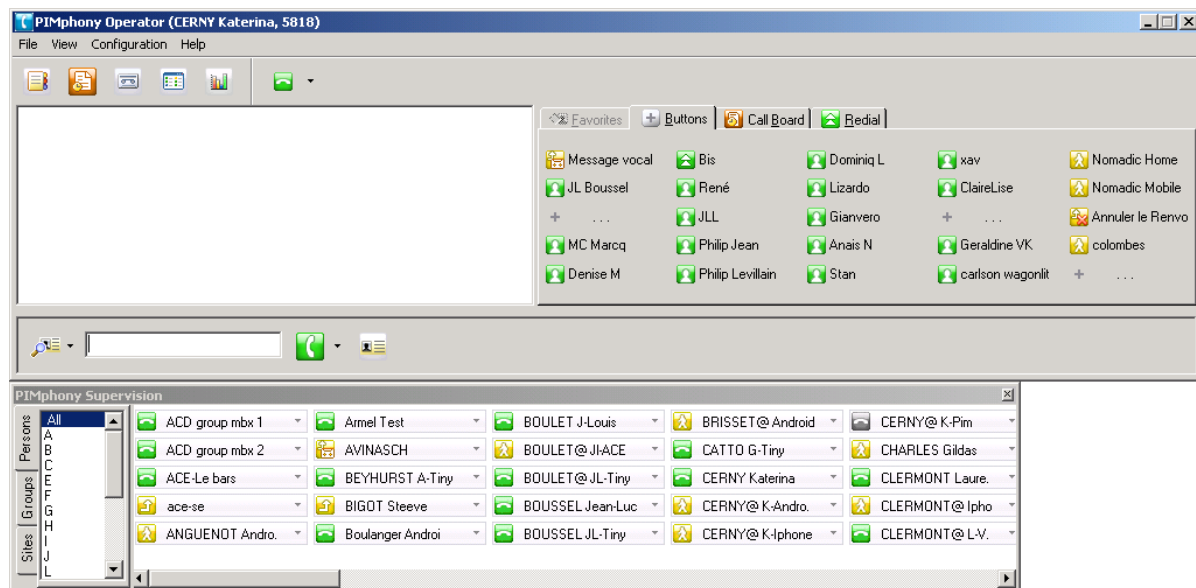

- Professional welcome
- Easy to manage and understand
- Ergonomically enhanced
- Easy to use

SOLUTIONS DETAILS

- High-end digital station
- Internal and external call monitoring
- Eight attendant groups
- Eight attendants in a group
- Internal or external forwarding
- Digital add-on modules (direct supervision)
- Headsets
- PC-based Attendant console

PC-BASED ATTENDANT CONSOLE

KEY BENEFITS

- Professional welcome for high traffic
- Single receptionist for multiple sites
- PC-based ergonomics and efficiency

SOLUTIONS DETAILS

- PIMphony Team
- PIMphony Attendant
- Up to 15 inbound calls managed simultaneously
- Single-click transfers
- Text messages
- Deflect transfer to voice mail
- Contact card screen pop
- Multisite supervision and management screen (Attendant)
- Rich extension information status
- Centralized phone book for up to ten sites
- Headset

AUTOMATED ATTENDANT

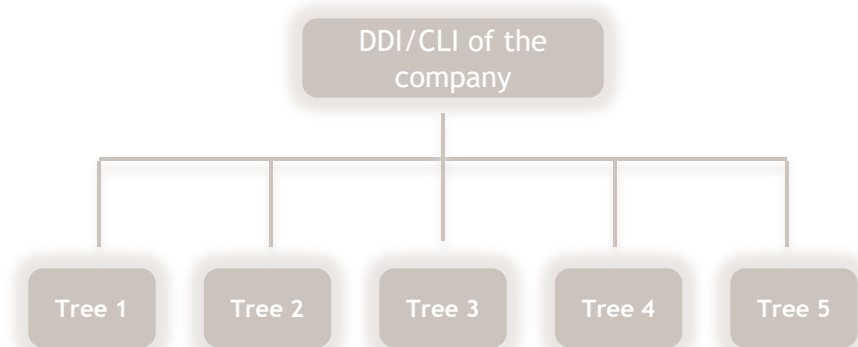

KEY BENEFITS

- Customer Satisfaction: automated attendant to greet and to guide the callers.
- A professional company welcome and routing, any time, any day
- Alternative or complement to a human attendant position

SOLUTIONS DETAILS

- Global solution for company welcome called Automated Attendant: One tree, two levels
- 4 functions available
 - Pre-configured auto-attendant
 - Customized auto-attendant
 - Audiotex
 - Fax & modem switch
- Open hours & Closed hours distinct menus
- Statistics
- Options available in Level 1 & Level 2 menu
 - Free dial: transfer to the dialed internal user number
 - User/ Mailbox: transfer to a given user/mailbox of a given user
 - Attendant: transfer to the attendant of the company
 - Info: Information message is played to the caller
 - Release: the call is released without any transfer
- Capacities:
 - Level 1 Menu: 10 choices
 - Level 2 Menu: 10 choices
 - Audiotex: 50 info messages

MULTIPLE AUTOMATED ATTENDANT

Tree stands for: a department, a language, a company brand...

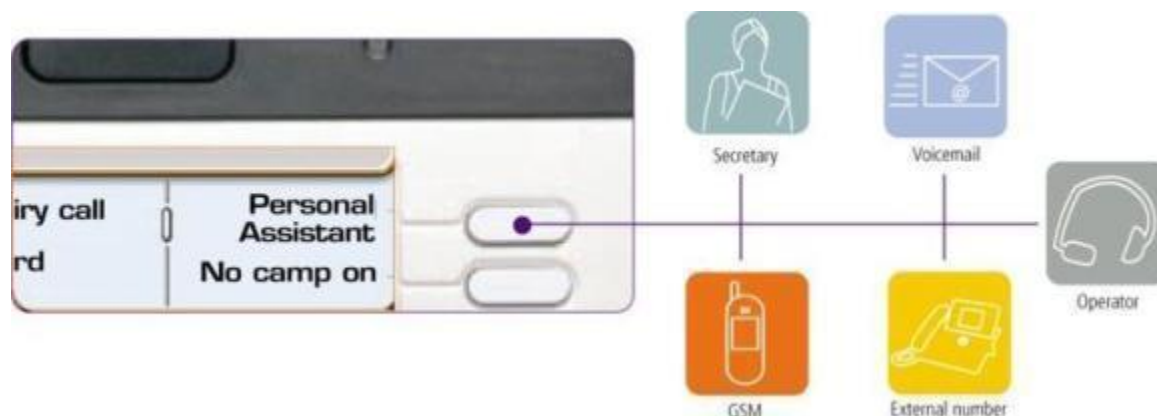

KEY BENEFITS

- A multiple trees can also be programmed to reflect multiple organizations or languages
- Customer Satisfaction: automated attendant to greet and to guide the callers.
- A professional company welcome and routing, any time, any day
- Alternative or complement to a human attendant position

SOLUTIONS DETAILS

- Global solution for company welcome called Multiple Automated Attendant (MLAA) targeting:
 - multi-companies or multi-brand companies

- Cost-effective remote connection
- Secure remote connection
- WiFi voice and data mobility

SOLUTIONS DETAILS

- OXO Connect
- Alcatel-Lucent OmniSwitch® 6450-48 Gigabit Ethernet switch infrastructure
- Alcatel-Lucent OmniAccess® Remote Access Points (RAP)

ADDITIONAL OPTIONS

- Alcatel-Lucent My IC Phone and 8018 DeskPhone
- Alcatel-Lucent IP Premium DeskPhones
- Alcatel-Lucent PIMphony Softphone IP Media
- Alcatel-Lucent OmniSwitch® 6350 / 6450 Gigabit Ethernet switch infrastructure
- Alcatel-Lucent OmniAccess® WLAN Controllers and Remote Access Points (RAP)
- Alcatel-Lucent OmniAccess® controller based APs or controller-less APs

CONVERGED IP INFRASTRUCTURE

OmniSwitch 6450

OmniSwitch 6350

KEY BENEFITS

- Entry-level solution with advanced features at competitive price
- No need for local power supply for IP phones or Access Points (one cable)
- Perfect solution for IP telephony and Wireless LAN in SMB market
 - QoS
 - Easy to install (single LAN and DHCP)
 - Easy to manage
 - Multiple WLAN options for 802.11n to ac

SOLUTIONS DETAILS

- **OmniSwitch 6350 Gigabit Ethernet Switch:**
 - 10, 24 or 48 ports, PoE and non-PoE
 - Level 2+ Gigabit (Access and Uplinks)
 - Fan-less 10 port PoE and 10/24-port non-PoE model
 - IEEE 802.3af or IEEE
 - PoE models support 802.af (15W) and 802.3at (30W) end devices
- **OmniSwitch 6450—Stackable Gigabit LAN Switch:**
 - 10, 24 or 48 ports, PoE and non-PoE
 - Level 2+ Gigabit (Access and Uplinks)
 - Up to 10G stacking
 - Fan-less 10-port PoE and non-PoE model
 - PoE models support 802.af (15W) and 802.3at (30W) end devices

ADDITIONAL OPTIONS

- External backup power supply (OmniSwitch 6450 only)
- Optical Ethernet transceivers: 100Base-FX, 1000Base-SX, 1000Base-LX, 1000Base-LH, 1000Base-T
- WLAN solution
 - Solution 1
 - Instant Access Points (no Controller)
 - Solution 2
 - Controller 4005 + Access Points

ALCATEL-LUCENT OMNISWITCH 6350

OmniSwitch 6350
10, 24- and 48-ports,
with/without PoE

KEY BENEFITS

- Ideal for SMB organizations
 - Enterprise class Gigabit Ethernet switch designed for the SMB market
 - Simple, low-cost solution
 - Auto-configurable via OmniPCX Office
 - Low Power consumption
 - The speeds you need 10/100/1000 Mbps Access Ports and up to four 1 Gigabit SFP Uplink Ports (2 port RJ-45/SFP combo interfaces supporting gigabit transceivers on OS6350-10/P10)
- Simplicity without compromise
 - Auto detect features for IP Telephony and WiFi
 - User based QoS features
 - Simplified Mgt Interface
 - Tested and validated end-to-end solution
 - PoE for powering WiFi Access Points, IP Phones, PTZ Cameras, etc.

SOLUTIONS DETAILS

- OmniSwitch 6350 Gigabit Ethernet LAN Switch:
 - 10, 24 or 48 ports, PoE and non-PoE
 - Support for PoE 802.af (15W) and PoE+ 802.3at (30W)
 - Up to 1 Gigabit Access and Uplinks (4 on 24/48 port versions and 2 on 10 port version)
- fixed configuration chassis in a 1U form factor and comes with:
 - 4 x Gigabit fixed SFP ports (2 on OS6350-10/P10)
 - an internal AC power supply with a country specific power cord
 - RJ-45 10/100/1000 access ports
- Fan-less 10 port PoE and 10/24-port non-PoE models
- Ethernet SFP optical transceivers

ALCATEL-LUCENT OMNISWITCH 6450

KEY BENEFITS

- Ideal for SMB organizations
 - Low Power consumption
 - Performance, Reliability, and Security
 - The speed you need 10/100 upgradeable to 10/100/1000 Mbps
 - Silent and fanless (10 port PoE and non-PoE versions)
- Simplicity without compromise
 - Auto detect features for IP Telephony and WiFi
 - User based QoS features
 - Simplified Mgt Interface
 - Tested and validated end-to-end solution
 - POE for powering the Wifi Access Points , IP Phones, PTZ Cameras...
- Growth without growing pains
 - Easy to expand the network through stacking multiple switches
 - Scalable to 10 Gig Ethernet for network connections

OmniSwitch 6450
10-, 24- and 48-ports,
with/without PoE

SOLUTIONS DETAILS

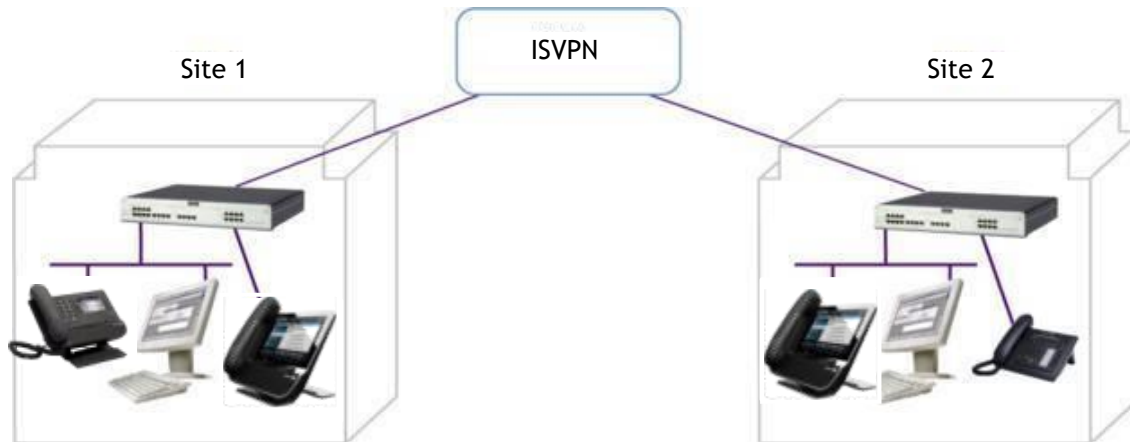

- OmniSwitch 6450 Stackable Gigabit Ethernet LAN Switch:
 - 10, 24 or 48 ports, POE or non POE
 - 10L , 24L & 48L ports: a light version (10/100)
 - Support for PoE 802.af (15W) and PoE+ 802.3at (30W)
 - Up to 10 Gigabit Uplinks (2)

- fixed configuration chassis in a 1U form factor and comes with:
 - 2 x Gigabit fixed SFP ports (SFP+ for 24/48 ports)
 - an internal AC power supply with a country specific power cord
 - RJ-45 10/100/1000 access ports

- External backup power supply (24 /48 ports)
- Ethernet SFP optical transceivers, stacking module and cables

NETWORKING ON ISDN AND PRIVATE LINES

KEY BENEFITS

- Work as a single company with centralized services
- Optimize resources
- Improve company image

SOLUTIONS DETAILS

- Industry-specific virtual private network (ISVPN) services via ISDN or private lines
- Automatic Route Selection
- Private, homogeneous numbering plan
- Call by name: 3000-name directory
- Call path optimization
- Least-cost routing
- DECT mobility
- Alcatel-Lucent OmniVista 4760 NMS call accounting
- Network management center
